Iowa Department of Public Health Division of Acute Disease Prevention & Emergency Response Immunization Program

Iowa's Immunization Registry Information System (IRIS) Process for Meeting Immunization Meaningful Use May 1, 2013

- 1. Health care provider completes IRIS Meaningful Use Form
- 2. Health care provider sends IRIS Meaningful Use form and a test file by email to the Iowa Department of Public Health's (IDPH) IRIS Meaningful Use email address: imm.meaningfuluse@idph.iowa.gov. Test file must contain fake patient data.
- 3. IDPH will run the test file through test region of IRIS
 - a. Files will be processed on a first come, first serve basis
 - i. IDPH tracks progress of each provider's file (date file received, date file tested, date approved by Immunization Program)
 - b. IDPH will notify senders as soon as possible
- 4. IDPH will send confirmation back with errors (if any)
- 5. IDPH will place health care providers in queue for ongoing data exchange with IRIS
 - a. IDPH will bring providers on board for ongoing data exchange with IRIS based on immunization volume and IDPH resources for onboarding

IRIS Program: 1-800-374-3958 x3
